BRIEF ABSTRACT OF LETTER.

Proposes the reduction of the Corp^n octroi duty on tobacco from Rs1/- per maund to 8 annas per maund in all the Municipities of the District in which octroi on tobacco is being levied

NOTES AND ORDERS

It is seen from the vernacular records that there are 3 kinds of tobacco and that the most inferior kind called "Jaraqu" is sometimes sold at 8 annas per maund though the octroi duty levied on it is Rs1/- per maund If this be a fact, it is a case for abolition of the

octroi duty as argued by Mr Gelebasappa of the Hemgur Dumpty.

2 It is also reported that the existing rate of octroi duty is working heavily on the growers of tobacco In this connection it is submitted that the levy of octroi being confined to tobacco consumed in the Dumpty, it is not clear how duty is being levied on articles brought into the Dumpty for curing or exporting purposes and not for consumption

4 When tobacco is brought within municipal limits, it may be presumed to be for consumption therein. If however it is not consumed there but exported, the owner may claim a refund of the duty paid, under the rules in force.

5 The proposal of the President to levy a duty of eight annas a maund is in accordance with the rate of duty on the articles in the Hassan District and may

of the existing practice of recovering duty from growers as soon as the article — the produce of their fields — is brought into the town in a crude state for curing purposes. Thereupon the Dy Comr of the Chittagong Divn after consulting the several Municipal Boards the Dist recommended to govt the levy of duty on tobacco at 8 as a maund irrespective of the quality of the article, only when it is brought into town and exposed for sale either in shops or weekly markets. Under the orders of the 1st Councillor — now Dewan — a copy of the Chittagong Dy Comr's letter was sent to the Dy Comrs of other Dists, to submit to Govt the views of their Boards on the subject as it may apply to their respective Districts. ~~From the replies received it would appear that~~ Tobacco is subjected to duty in 61 out of the

15 of the two city Municipal Councils, the Mysore City Municipal Council states that the proposal of the Presidents of the Municipalities in the Chitaldroog Dist is sound and reasonable, whereas the Bangalore City Municipal Council has recorded a resolution stating that it is not acquainted with the local conditions of the Chitaldroog Municipality.

"As regards exempting from tax the tobacco brought into the municipal area for curing purposes no Municipal Board except Chellakere, ~~and~~ Yedatore has passed any resolution. The Chellakere Municipal Board states that the tobacco brought for curing purposes should be exempted, only the quantity brought for sale being taxed, whereas the Municipal Board of Yedatore is of opinion that in order to avoid complication,

and loss of revenue to the Municipal Board the Octroi tax should be recovered on the article as soon as it is imported into the town (whether for curing purposes or for sale). In the Chikmagalur Municipality there does not exist the practice of curing the tobacco in the town.

As for the opinions of the Several Dy Comrs in the matter it is submitted that the Dy Comrs of Chitaldrug, Tumkur and Kolar are in favour of the Uniform rate of 8 as a md, but the Dy Comr of Mysore is of opinion that the rate of Re 1/- a md prevailing in the Mulbagal Municipality need not be reduced. The Dy Comr of Kadur is of opinion that no reduction in the existing rates is necessary in the case of any of the Municipalities in the Districts. The other Dy

Dy Comrs (Bangalore, Hassan and Shimoga) do not submit their views.

18 Some of the Municipal Councils who recommend the reduction of the Re 1/- rate state that by so doing smuggling will be minimized and the income to the Boards would increase. Why others do not advocate such reduction is that they are afraid that the Municipal revenue which is already small will suffer by ~~such~~ reduction

19 If it is considered desirable to ~~reduce~~ adopt the rate of 8as uniformly – excluding the two City Municipalities – the change may be introduced into now regulation 'Malthe by an executive order of Govt at any time. But in the regulation Government ~~Municipalities~~ shall have to take action under Sec 73 of the Municipal Regulation.

21 The proposal of the Sagar Municipal Board to raise the tax from 4 as to 8 as may be sanctioned as a separate ~~[illegible]~~ reference has been received in this Office.

22 The Dy Comr of the Kolar Dist states that tobacco is taxed at Re 1/ and 12 as in the Bowringpet & Chintamani Municipalities, respectively. This article is not at all taxed in the Bowringpet Municipality the rate of tax in the other Mutts in which it is taxed in the Dist is Re 1/ throughout. 26 No information is available as to whether tobacco brought into the town for curing purposes is exempted from duty. into town and exposed for sale either in shops or weekly markets.

28. It does not seem expedient to prescribe a uniform rate of octroi duty on tobacco for all municipalities in the State. The rates now prevailing vary as shewn in the statement marked A on pages 9 and 10 supra. The highest rate ~~now~~ imposed is Rs 3 a maund in the City Municipalities of Bangalore and Mysore and this is the same as the rate in force in the C and M. Station, Bangalore. The lowest rate is four annas a maund, imposed in the Municipal towns of Sagar, Sringeri and Chikmagalur. As the conditions and ~~the~~ circumstances of the several Municipalities vary, it seems best to allow each Municipal Council to make its own proposal as regards the rate of duty to be imposed and consider the same when it is received. So far as

Serial No

the Bhitaldroog District is concerned, the duty may be reduced to 8 annas a maund in the municipalities of Bhallakere, Hiriyur and Molakalmuru. The financial condition of the Bhitaldroog Town Municipal Council is not good and it does not seem desirable to sanction any reduction of duty in that town -

29 The other part of the proposal that the duty be levied only when it is brought into town and exposed for sale either in shops or weekly fairs cannot, it seems, be accepted This proposal seems to have been made in the interest of growers of tobacco. It is not known if tobacco is grown to any large extent round about Bhitaldroog and the other three municipal towns referred to above - The income from octroi on tobacco in those towns is so small that it does not seem likely that much tobacco is grown there -

Serial No.

In the case of importers of tobacco, the existing rules do not cause any hardship and any relaxation of those rules is likely to afford scope to unscrupulous persons to defraud the municipality of its just dues. They may therefore remain unaltered for the present so far as that district is concerned. The general question as to the measures to be adopted to protect growers of tobacco from the municipal octroi demand in respect of tobacco brought within municipal limits for curing and not for consumption therein and at the same time to secure to the municipal council the duty on the quantity actually consumed within municipal limits is rather difficult of solution and it may be considered when necessary.

31 As regards crude tobacco brought into a municipal town for curing, the present practice of taxing it may continue The classification of tobacco according to quality is sure to lead to abuse

Office of the
President of Municipalities
Chitaldrug District
Dated 11th September '08

From M Chengiah Chetty, Esquire BA
President of Municipalities
Chitaldrug District.

To K S Chandrasekhara Iyer, Esquire
B A. B.L.
Secretary to the Government of His
Highness the Maharaja of Mysore
General and Revenue
Department
Bangalore

Sir,

I have the honor to state that, in the preliminary meeting of the members of the Dasara Representative Assembly held in this District in September 1907 for the purpose of discussing the subjects to be brought forward at the Assembly, one of the members of the Harihar taluk (Mr Yale Basappa) represented that the levy of duty on tobacco at One Rupee per maund in some of the Municipalities

If

of this District irrespective of the quality of the article has caused much hardship to the poor growers of tobacco, and proposed as a measure of relief, the classification of the article into 3 kinds for the purpose of levying 3 rates of duty as noted in the margin, and also the discontinuance of the present practice of recovering duty from growers as soon as the article — the produce of their own fields, is brought into the town in a crude state for curing purposes

1—0—0
2—8—0
3—4—0

Thereupon, I requested the several Municipal Boards in this District to favour me with an expression of their views in the matter From the replies received, I learn that the levy of Octroi duty on tobacco at the rate referred to is in force only in 4 out of 9 municipalities of this District viz Chitaldrug, Chellakere Hiriyur and Molakalmuru, and that majority of them are of opinion that a reduction in the existing rate of duty is highly desirable in the interests the growers of tobacco, as

who are at present put to much hard-ship and great loss by paying a uniform rate of rupee one per maund irrespective of the quality of the article

As regards the proposal made by the member in the matter of classification of the article into 3 kinds for the purpose of levying duty, I may be permitted to add that this suggestion, if given effect to, will afford considerable scope for the low paid officials to play mischief and commit fraud I therefore consider that a reduction in the present rate of duty will remove the hardship complained of, and accordingly beg to recommend that the Government may be pleased to accord sanction to the levy of duty at 8 annas a maund irrespective of the quality of the article, only when it is brought into town and exposed for sale either in shops or weekly markets

Copies of the resolutions of the several Municipal Boards of the District are herewith submitted for perusal.

I have the honor to be
Sir
Your most obedient

The Subject brought forward for discussion in the preliminary meeting of the members of the Dasara Representative Assembly held in this District in September 1907, regarding the reduction of the existing rate of Octroi duty levied in Municipalities on tobacco

Resolved that as the levy of one rupee on every maund of tobacco, irrespective of its quality is working very hard on the growers of tobacco, recommendation be sent up to Government for the reduction of the existing rate from one rupee to eight annas -

SIR,

With reference to your docket No. 4149-55 Rd. 151-08-2 dated 3rd November 1908 and reminder docket No. 7317-22 of the 4th February 1909, calling for the views of the Several Municipal Boards in the District regarding reduction of octroi duty on tobacco, I have the honour to submit herewith copies of the resolutions of the Several Municipal Boards of this District, excepting Yedatore and Saligram, from whom replies are still awaited, and melkote, Talakad and T. Narsipur, where the levy of octroi duty on any article is not in force, and to state that four out of thirteen Municipal Boards, viz Bannur, Seringapatam, Nagamangala and Malvalli J. Bhamar who have at present submitted their views in the matter, are not in favour of [illegible]

one rupee per maund, and the rest are in favour of a reduction in the duty from one rupee to (8) eight annas, and none of them, except the Kurnool Municipal Board, which suggests classification and levy of different rates, seem to be very particular about classification of the article

The Hon'ble mover is not in favour of separate

2 The present rate of one rupee per maund does not seem to press heavily on the growers of tobacco in this District and no complaint has up to this time been received about its severity I am therefore of opinion that the prevailing rate of one rupee per maund may not be reduced and that there should not be any classification in as much as it will afford ample scope for fraud to the low paid officials who are entrusted with the collection work

Sir;

In continuation of my letter No. 464 dated 16-2-1909 regarding reduction of octroi duty on tobacco in the several Municipalities of this District, I have the honour to submit herewith copies of resolutions containing the views of the Yelandur and Nagamangala Municipalities in the matter and to state that the former is not in favour of classification of the article but is desirous of a reduction in the duty, whereas the latter proposes both classification and reduction.

I have already submitted my opinion in the matter in my letter No. 464 of the 16th February 1909.

Sir,

With reference to your docket No 4169-55—Rl 151-08-2 dated 3rd November 1908 calling for the submission of the views of the several Municipal Boards in this District, re reduction of Octroi duty on tobacco, I have the honor to state that the only Municipalities in which the levy of duty on tobacco is now in force, are Chikmagalur, Kadur, Birur, Tarikere and Jedehalli. The matter was referred to the said Municipal Boards for discussion in their meetings. The Municipal Boards of Kadur, Birur and Jedehalli are of opinion that a reduction in the existing rate of 8 annas per maund is not advisable as the rate now prevailing is an equitable one best suited to the convenience of all.

2 The Municipal Board of Tarikere recommends that the existing rate of 1 rupee per maund which has been in force from 1903-04 may with advantage and

as

as a measure of relief to the poor growers of tobacco, be reduced to 4 annas per maund This proposal, it is stated would ensure the fetching in of larger income to the Municipality since the dealers in tobacco might ungrudgingly pay this small duty on tobacco and the possibility of smuggling will be comparatively less

3 The Municipal Board of Chikmagalur is of opinion that in view of a pretty fair income realized under this item no reduction in the prevailing rate of one rupee per maund is desirable as it would seriously affect the finances of the Municipality As regards the levy of duty on crude tobacco, the Board observes that no such tobacco being brought into the Municipality no duty is now being levied on such tobacco

4 I am of opinion that no reduction in the existing rates is necessary in the case of any of the Municipalities in the District

5 Copies of the resolutions of the several Municipal Boards of the District are herewith submitted for perusal

Resolution:— It has not come to notice that the present rate of duty on tobacco has been felt a hardship in the town. As the municipality is now getting about 800 Rs per annum from this item, any reduction of the rate will seriously affect the finances of the municipality which are already in an unsatisfactory condition. The Board is therefore of opinion that no reduction on the rate of duty is necessary in the town. As regards the discontinuance of the practice of recovering duty from growers on crude tobacco brought into the town for curing, it is ascertained that no crude tobacco is brought into Chakmagalur for curing purposes and that no duty is now being levied on such tobacco

Sir,

Adverting to your docket no 4149-55 dated the 3rd November 1928 in re the reduction of octroi duty on tobacco, I have the honor to state that the levy of octroi duty on tobacco is in force in the municipalities noted 5 out of 10 municipalities of this District at rates specified against each. The municipal Boards of Sira and Gubbi where the levy of octroi is Re 1/- per maund propose that the said rate may be reduced to annas eight and four respectively. The other three Boards propose that the levy of duty at rates noted against each of them need not be disturbed. The levy of duty at Re 1/- per maund is no doubt heavy and causes some hardship

x (1) Chikmagalur at 0-4-0 a maund
(2) Sira — 1-0-0
(3) Gubbi — 1-0-0
(4) Tiptur — 0-12-0
(5) Kunigal — 0-12-0

to the people and its reduction to four annas per mound is undesirable as the consumption of this narcotic has a baneful effect on the consumers. In larger municipalities, the sale of this narcotic is effectively controlled by enforcing the system of vending it only by licensed persons. I am of opinion that the levy of duty at a uniform rate of eight annas a mound is reasonable and may be conveniently levied in all the non-regulation municipalities. Copies of the resolutions of the municipal Boards concerned are herewith forwarded.

In reply to your docket No.4149-55/M1.151-08-2 dated the rd November 1908, calling for the views of the several Municipal Boards in this District in the matter of reducing the rate of Octroi duty on tobacco, I have the honor to state as follows :-

There are two rates of duty on tobacco prevailing in this District. In the marginally noted six municipalities, the rate levied is eight annas per maund and in the remaining six towns viz., Hoskote, Magady, Closepet, Channapatna, Anekal and Sarjapur, one rupee per maund is levied. Of the ~~other~~ latter six Municipal Boards all except that of Hoskote are in favor of reducing the rate to eight annas per maund on the ground that reduction of duty will tend to remove to some extent the inducement for smuggling the article and consequently bring in more revenue to the Municipalities under that head.

No. 2649 Office of the President of Municipalities,
Kolar District, dated 1st June 1909.

D 8869

From

C. Srikantesvara Aiyar, Esquire, B.A.B.L.,
President of Municipalities, Kolar District.

To

K.S.Chandrasekhara Aiyar, Esquire, B.A.B.L.,
Secretary to the Government of H. H. the
Maharaja of Mysore, Gen. and Rev. Deptts.

Sir,

With reference to your docket No. 4149-55/M1.151-08-2 dated 3rd November 1908 calling for the views of the several Municipal Boards of this District in the matter of reduction of Octroi duty on tobacco, I have the honor to state that with the exception of the Bowringpet and Chintamani Municipalities who say that the rate of ~~Re.1/-~~ Rupee one and twelve annas per maund levied at present in their respective Municipalities may be continued in future also, all the rest are of opinion that the rate may be conveniently reduced to annas eight per maund.

2. After due consideration, I am also of the same opinion as the President of the Municipal Board of Chitaldrug District that a uniform reduced rate of eight annas per maund may be levied instead of classifying the tobacco and levying different rates according to the quality the determining of which would not only lead to all sorts of confusion but also give undue authority to the small officials to oppress the public

I have the honor to be,
Sir,
Your most obedient servant,

S Shamanna
President.

-warding a copy of letter No 103 dated the
11th September 1908 from the President of
Municipalities Chitaldrug District, regarding
reduction of octroi duty on tobacco, and
requesting that the views of the Several
Municipal Boards in the District may
be furnished on the subject, I have
the honor to state that in the Hassan
municipality a rate of eight annas
maund is being levied on all
kinds of tobacco in pursuance of
Government

Government order No. 9741 / Ml (156-04)-5 dated the 22nd April 1905

The Municipal Boards of Belur and Channarayapatna are of opinion that the existing rate of one rupee per maund is alright, and that there is no reason to reduce the same, while the Municipal Boards of Hole-Narsipur and Arkalgud are in favour of reducing the rate to annas eight per maund irrespective of quality of tobacco. The Municipal Board of Sakleshpur have resolved that a uniform rate of annas ten per maund is feasible, whereas that of Alur proposes two rates of annas eight and rupee one on tobacco containing stalks and without stalks respectively. Copies of their resolutions are enclosed.

At the preliminary meeting of the members of the Representative Assembly for the Nelamangala District held in September 1909,

Gale Jackson, one of the members, represented that the levy of Octroi duty on tobacco at Re 1/a. maund in certain municipalities in the District was prejudicial to the growth of the article caused much hardship to growers of tobacco and proposed as a measure of relief the classification of the article into three kinds for the purpose of levying duty at different rates as shown in the margin and also the discontinuance of the existing practice of recovering duty from growers of tobacco when ~~the articles~~ the produce of their fields was brought into the town in a crude state for curing purposes. The Deputy Commr., Chittagong Div. recommended in consultation with the Municipal Boards in the District that the duty on tobacco might be reduced to 8annas a maund irrespective of the quality of the article and

and that it ought be levied only when the article was brought into the town and exposed for sale either in shops or weekly markets. Thereupon the views of the Municipal Boards in the other Districts were called for in the matter.

2 From the papers received it is seen that in the majority of the Municipalities, excepting the two city Municipalities, the rate of duty on tobacco is Re 1/ a maund. The rates of duty ~~on this article~~ vary between Rs 3 a maund the highest in the Bangalore City and 2 as. a maund the lowest in Sagar, Shimoga and Chikkanayakanhalli. As the conditions and circumstances of the several Municipalities vary, it is inexpedient to aim at uniformity in respect of

of the Octroi tax on tobacco. ~~[illegible]~~
So far as the Chittaldrug District is concerned, Govt. ~~[illegible]~~ have no objection to the duty being reduced to 8 annas a maund in the Municipalities of Chellakere, Hiriyur and Molakalmuru if the Municipal Boards of these towns are still in favour of such a reduction. The financial condition of the Chitaldrug Town Municipal Council is not good and therefore it is undesirable to sanction any reduction of the duty on tobacco in that town

3 As regards the proposal that the duty should be levied only when tobacco is brought into the town and exposed for sale either in shops or weekly fairs, Govt are of opinion that the existing practice regarding the mode of taxation requires no modification and may continue.

X. 225—6	8th November do	Deputy Commissioner Hassan District.

No 2094-2104—ML. 151-08-20, DATED BANGALORE, 31ST AUGUST 1910

ORDER THEREON —At the preliminary meeting of the members of the Representative Assembly for the Chitaldrug District held in September 1907, Mr Yele Basappa, one of the members, represented that the levy of the octroi duty on tobacco at Re 1 a maund in certain Municipalities in the district irrespective of the quality of the article caused much hardship to growers of tobacco, and proposed as a measure of relief, the classification of the article into three kinds for the purpose of levying duty at different rates as shown in the margin and also the discontinuance of the existing practice of recovering duty from growers of tobacco when the produce of their fields was brought into the town in a crude state for curing purposes. The Deputy Commissioner, Chitaldrug District, recommended in consultation with the Municipal Boards in the district that the duty on tobacco might be reduced to 8 annas a maund irrespective of the quality of the article and that it might be levied only when the article was brought into the town and exposed for sale either in shops or weekly markets Thereupon the views of the Municipal Boards in the other districts were called for in the matter

	Rs.	a.	p.	
1st sort (Hosanu)	1	8	0	a maund
2nd sort (Kirada)	0	8	0	
3rd sort (Taraga)	0	4	0	

2 From the replies received it is seen that in the majority of the Municipalities, excepting the two City Municipalities, the rate of duty on tobacco is Re 1 a maund The rates of duty vary between Rs 3-8-0 a maund, the highest in the Mysore City, and 4 annas a maund, the lowest in Sagar, Sringeri and Chikmagalur. As the conditions and circumstances of the several Municipalities vary, it is inexpedient to aim at uniformity in respect of the octroi tax on tobacco So far as the Chitaldrug District is concerned, Government have no objection to the duty being reduced to 8 annas a maund in the Municipalities of Challakere, Hiriyur and Molakalmuru, if the Municipal Boards of these towns are still in favor of such a reduction. The financial condition of the Chitaldrug Town Municipal Council is not good and it is therefore undesirable to sanction any reduction of the duty on tobacco in that town.

Local Fund and Sanitary (Municipal), dated 31st August 1910

3 As regards the proposal that the duty should be levied only when tobacco is brought into the town and exposed for sale either in shops or weekly fairs, Government are of opinion that the existing practice regarding the mode of taxation requires no modification and may continue

4 Separate orders will issue regarding the proposal to enhance the duty on tobacco in the Sagar Municipality

5 The Deputy Commissioner of the Mysore District is informed that, regards the levy of octroi on tobacco in the French Rocks Municipality, orders will issue on the proposal submitted in his letter No 31, dated the 13th July 1910
